A Product Disclosure Statement is available and can be obtained by visiting www.bfs.org.au. 1. WHAT IS A BFS VISA PREPAID CARD?

It's a Prepaid Visa Card which means that you load money onto the card before you use it. You don't have to have a bank account to use the BFS Visa Prepaid Card and there are no credit checks required to get a card. When your funds run out you can simply load more funds onto the card.

2. WHAT ARE THE BENEFITS OF THE BFS VISA PREPAID CARD?

The BFS Visa Prepaid Card allows you to spend money wherever Visa Prepaid Cards are accepted electronically. Therefore, it is able to be used for shopping online, by phone and in store, if you don't have, or don't want a credit card.

The card also includes Visa payWave chip technology which allows you to "wave your card and go" to make smaller value purchases without having to enter your PIN.

It's also great for travelling as it's generally safer to carry than cash and is accepted worldwide. Fees and charges apply, please refer to the Product Disclosure Statement (PDS).

The card is backed by Visa security features when using it to make purchases online or over the phone.
